

RAV 630/710 ROOF COWL

Item no. 8469

Document type: **Product card**

Document date: **2019-06-25**

Generated by: **Systemair Online Catalogue**

Description

The RAV vertical discharge roof cowl is manufactured from UV stabilised glass reinforced polyester to ensure a rigid, lightweight, corrosion-free, weather resistant unit. Can be used purely as a terminal or combined with a ZSP or ZAP plate axial fan to create a powered extract/supply unit.

Coloured to BS 00 A 05 goosewing grey as standard, but available in any BS or RAL colour if required.

All RAV cowls are supplied fitted with backdraught shutters.
